

My Dear Laurie

Nov 14 - 79

Am sorry I've not heard from you  
why I'm not sure of.

Glad to hear of your marriage in  
Jan. Congratulations to both of you  
as it Forbes. Am glad that you are  
doing what ever makes you happy  
Sorry we had to have that mis-  
understanding about our m. <sup>certificate</sup>  
but you must realize that next  
April it is 43 yrs old & already has  
cracks in it & been taped. & it is  
our bond to gether. Am glad Lois  
told me, we never know how  
much longer any of us have left  
as my 85 birthday is coming up.  
Farley, Doris, Bob & <sup>Sherril</sup> ~~George~~ were here  
yesterday. Mavis & Gene Sat & Sun.  
Our weather so far hasn't been bad  
very little snow on ground  
have had only an inch of snow  
at one time 40° above this after<sup>noon</sup>  
& supposed to be about same  
to morrow, so can't complain

How is your job coming, your fiance  
is an architect too? isn't he?

Is Andy home now? He called  
me while in Mex sounded fine

Must quit this is Thu or 15 & have to  
be read by 11-45 AM for 13rd & Clinic

Much Love to all

& much happiness to you  
Laurie
